

MyChart Video Visits

Introduction

Montefiore is providing our patients with the ability to have video visits with your provider using our patient portal. MyChart video visits are available to both new and existing patients.

Patients will be able to use their mobile device, tablet, laptop or desktop to connect to their visit.

For any issues accessing your account or beginning your video visit, please call the appropriate number below toll free.

MyChart Patient Support line: (855) 226-3070

****Please note:** For these visits to be scheduled, you must contact your doctor's office to schedule an appointment. You will be asked to give verbal consent during scheduling and again when you present for your appointment.

Accessing your Video Visit

Access your account by logging into your MyChart Application on your phone, or if using 1. a laptop or desktop go to mychart.montefiore.org.

2. Log into MyChart. (If you do not have a MyChart account please select Sign Up Now and follow the steps)

3. Once you are logged into your MyChart account, there are two ways to access the video visit.

Option 1: On the Home screen, click the visit alert link to quickly jump into the video visit.

Additional Tips

- It is important to make sure that you have allowed access to camera and microphone when launching your visit. If you do not click "Allow" you or your provider may not be able to see or hear each other.
- Please note: If you double tap or move the video away (e.g. to access another app or go to settings), you will disappear from your provider's view with a message that your mic and camera are blocked. If you must move the video away, you can re-enter by touching or tapping to find the app again or by clicking the Quick link sent to your phone or email. If you experience issues connecting after this please contact support by dialing the number listed on the bottom under patient support resources

- Compatible Browsers- Chrome, Firefox, Microsoft Edge, Safari
- Headphones are recommended for best audio

Additional Information for Samsung Users

- Samsung users may be prompted to download an app or continue via browser.
- For Android Samsung Devices please make sure Chrome is your default browser by following the steps below.
 - Go to Settings > Apps > Choose default apps > Browser > App > select Chrome browser from the list

• If the steps above are not followed you may be required to download Teladoc Health App prior to joining the visit.

Telehealth Test Link

Patients can test their microphone or camera by selecting the link below. (Please note: This link should only be used to test microphone, camera, or browser.)

- <u>https://webrtc.comm.intouchhealth.com/webrtc/</u>
- If your microphone, camera, or browser do not pass the test please adjust your settings.

Patient Support Resources
